Qualergy2020 – The German Project

BUILD UP SKILLS - The EU Sustainable Building Workforce Initiative

Brussels, 23rd to 25th November 2011

1

Starting Point / National Context

Dieses Projekt wird gefördert mit Mitteln der Europäischen Union

ZDH
ZENTRALVERBAND DES DEUTSCHEN HANDWERKS

- 20-20-20-goals: Germany strengthened its efforts
- Legislation, financial incentives, information
- But: Renovation rates are too low

- After Fukushima: New energy policy
- Nuclear Power Plants: Step-by-step Turn-Off
- Quicker transition to renewables and more energy efficiency
- Major role of buildings

- High Level of Vocational Education and Training
- But: Will it be sufficient?
  - Quantity
  - Quality
- Provide necessary information in work force needs

Brussels, 24-11-2011 Dr. Peter Weiss, ZDH Seite 2

2 The Consortium - Science, Employers, Education and Energy

3 Main Achievements

4 Institutional Structure

21 Letters of Support

- Work is done in several layers
- Consortium: All analytical work / prepare roadmap
- Board: Work on the Roadmap
- National Platform open to all Interested Parties: Information / Endorsement

5 Endorsement process

Dieses Projekt wird gefördert mit Mitteln der Europäischen Union
