Commission

30 countries!

Executive
Agency
for SMEs

Call 2011 countries
Call 2012 countries

Identifying needs : main conclusions

- Slight shortage of building workers by 2020 in most European countries
- The need for training of the current workforce is much stronger than the estimated need for additional workers
- More than 3 million workers would require up-skilling on energy efficiency or renewable energy sources by 2020
- Importance of transferable and cross-trade knowledge and skills

Commission

BUILD UP Skills - Structure

European Exchange Activities
Organised by EASME

From strategy to action – Pillar II

- 10 BUILD UP Skills Pillar II projects have started in October 2013 (blue collar workers only): national projects in AT, CY, DE, EE, ES, FI, IE, LV, NL, RO
- 12 BUILD UP Skills Pillar II projects have started in September 2014 (blue collar workers only): national projects in BG, EL, HR, HU, IT (2 projects), LT, LU, MK, PT, SE, SK

Horizon 2020

- Construction skills topic in 2014
- 5 new projects started between March-June 2015 (blue and/or white collar workers)
- Topic of construction skills (EE14) open again in 2016 and 2017

Tender – BUILD UP Skills

➤ Evaluation of BUS Pillar I

- Results expected early 2016
- Presentation & workshop tomorrow

Tender – BUILD UP Skills

➤ EU-Exchange activities

- meetings twice a year with all BUS projects (IEE, H2020)
- creation and animation of Technical Working Groups (TWGs) on specific topics of interest for the BUS coordinators
- Revamp of the BUS website
- Stakeholder workshops; publications, social media, videos
- Analysis & monitoring of BUS Pillar II and EE4
- Assessment of BUS Pillar II and EE4

Who is in the room?

- 20 on-going Pillar II projects (+ 2 finished)
- 5 H2020 (EE4) projects
- 3 Pillar I representatives (countries without a Pillar II)
- Commission officials
- EASME staff, mainly from the 'building team'
