Project: GSSkills - Geothermal and Solar skills

Partnership Geographic Coverage

Four (4) Countries

14 Partners
GSS in VET Project - Overview

Designing, for Geothermal and for Solar energy system installers.

Two (2) European core curricula (EQF level 4-5).

Two (2) corresponding continuous VET programmes.

Two (2) qualification standards for evaluation and certification.

Implementing, delivering, evaluating and certifying training.

Project: GSSkills - Geothermal and Solar skills
GSS in VET Project – Specific Objectives

- Lifelong learning & mobility a reality
- Enhancing creativity and innovation
- Developing world-class VET to raise the quality of vocational skills
- Partnership between public & private institutions
- At least 15% of adults to participate in lifelong learning
- Work based learning including quality traineeships, apprenticeships and dual learning models

Project: GSSkills - Geothermal and Solar skills
GSS in VET Project – Aims at...

- Strengthening the exchange of knowledge & practice between education and training institutions and the labour market.

GSS in VET Project – Expected Results

- Two (2) European core curricula (EQF level 4&5)
- An innovative teaching method
- A complete training, with all material available online
- An evaluation method, based on the ECVET (ISO 17024 norm)
GSS in VET Project – Expected Results

- Involvement of 200 workers (4 countries) & 40 trainers (10 countries)
- Involvement of 200 companies (4 countries)
- A roadmap for the official recognition (local/national authorities in charge of VET policies)
Involvement of each national coordinator of the Build-up Skills initiative thanks to specific workshops

General awareness about the importance of green jobs

A strong network of VET providers and sectoral organisations (8 countries)
GSS in VET Project – Added Value

- Knowledge Transfer (i.e. mentoring from the German Partner)
- Strong dissemination network
- Large number of stakeholders get involved
- Guidelines for replication & High replication rate
- Creation of links between continuous VET and new green technologies
## GSS in VET Project - Time schedule
