

Action plan of the BUILD UP Skills EU exchanges activities

Plenary Session 7th EU exchange meeting

Day 1

Koen Rademaekers (Trinomics)

The project's objectives

***“to foster exchanges and cooperation
between the different countries
implementing the national initiatives of
Pillar I BUILD UP Skills.”***

- 1) Fostering international exchanges and cooperation;
- 2) Monitoring and reporting on BUS projects and evaluating overall BUS initiative.

The project's scope

Geographic scope

- EU-28 +
- FYROM +
- No

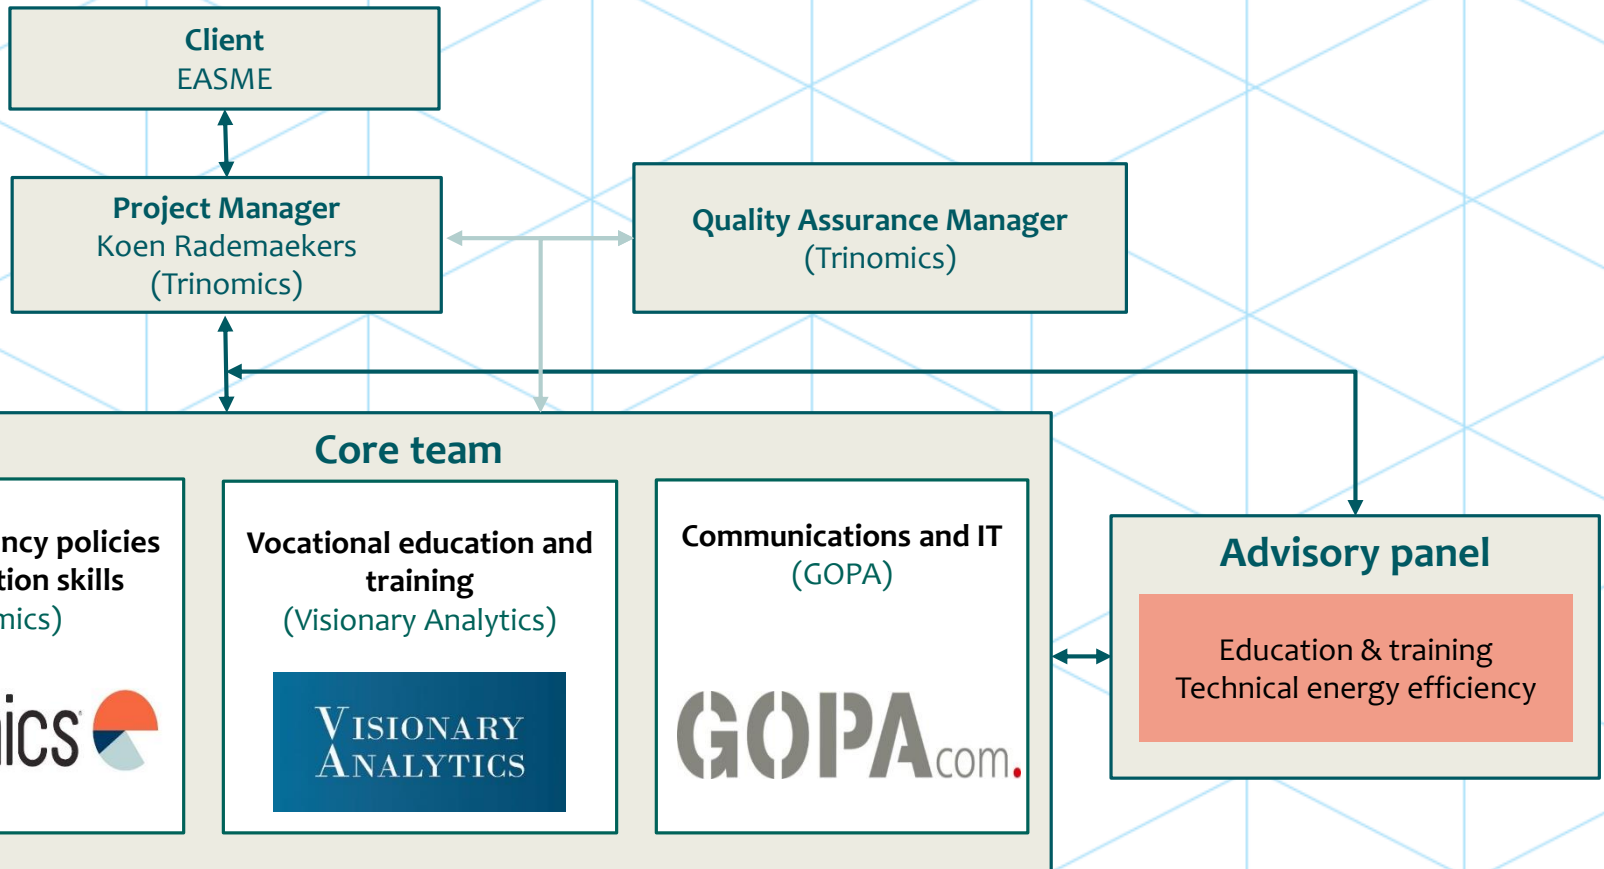

Thematic scope

- EE and RES in all types of buildings
- education and training
- international cooperation
- certification
- qualification and training schemes

Target group

- BUS Pillar I & II projects
- H2020 EE4 projects
- National platforms
- Construction sector
- Consortium carrying out BUS evaluation

The project team

Key actions

4 EU exchange meetings

- In the coming 2 years, approx. every 6 months
- We follow up with you on:
 - Pre-meeting survey on your interests and needs
 - Preparation with chairs & vice-chairs for the parallel sessions
 - Post-meeting survey for feedback
- We will draft the EU exchange meeting reports

Technical working groups & communications

- Coordinating & reporting on TWGs part of each EU exchange meeting + 1-2 times teleconference in between
- Animating BUS website
- Preparation of concrete deliverables (publications)
 - Newsletter
 - Leaflet
 - Infographics
 - Video

Key actions

Evaluating & monitoring of BUS projects

- Developing methodology for analysis & monitoring
- Data collection
- Phone interviews
- Develop Excel database of projects
- Develop country factsheets

Evaluation of the BUS initiative Pillar II and EE4

- Apply methodology and conduct assessment
- Write report on the assessment of Pillar II and EE4

Involvement of stakeholders – what's in there for your project?

- **Preparing EU exchange meetings** – surveys prior to the meeting, feedback forms, presentations for Parallel Sessions
- **Preparing / running the TWGs** – following up during the EU Exchange Meetings as well as in between through telcons
- **Evaluating and monitoring of projects** – engaging with us to report on latest information from your BUS project (we will contact you)
- **Publications** – You will receive newsletters (which will include interviews for which you can offer to be interviewed)

Current status – 7st EU exchange meeting happening and TWGs up & running

TWG 1 Financing – sustainability of projects after completion

TWG 2 Mutual recognition of skills and qualifications

TWG 3 Innovation and incentives for training

TWG 4 Market acceptance

- Each with a Chair and a vice Chair
- 1 thematic expert from Trinomics / Visionary Analytics / Advisory Panel for each group

Communication strategy

- Online platform for projects: revamped website
- Promotion of projects through newsletters
- Audio-visual dissemination
- Engagement, discussions and exchange of best practices through social media

Latest EU News

- 16-07-2014 (EU overview report on Pillar I has been published)
- 28-03-2014 (Publication of results BUILD UP Skills Pillar I)
- 27-03-2014 (Material of the BUILD UP Skills 5th EU Exchange meeting available)

National Country Pages

National teams have been already formed in 30 European countries. In each country, key public and private players work together to improve the qualification and skills of building workers, which are essential to deliver high energy performance buildings. Click here to have information on the activities carried out in each of these countries.

The revamped BUS Website

Through the new website, you would be able to:

- Engage with other project developers and stakeholders
- Submit and share ideas for new building projects
- Discover examples of projects already in use
- Learn from best practices in development
- Take advantage of replicable projects, their technologies and innovations
- Get targeted energy training for builders
- Receive relevant national information
- Give visibility to your project by sharing with us news, reports, studies, outcomes and tools you have developed

Timetable (year 1)

Task/Subtask	Year 1												
	09/15	10/15	11/15	12/15	01/16	02/16	03/16	04/16	05/16	06/16	07/16	08/16	
1 Design, organisation and implementation of the EU exchange meetings													
1.1 Design of the EU exchange meetings	D1.1	D1.2	D1.3		D1.5	D1.6		D1.7			D1.9	D1.10
