

ICBMB

International Conference on Bioclimatic Materials & Buildings

Energy efficiency and global industry value chain

May 3rd to 5th 2023 | Ifrane - Morocco

Organised by **ABC 21**

The ICBMB will gather scientists, politicians, industrials, architects, and other experts in the field to dive into innovative solutions, strategies and policies that involve local bioclimatic approaches for more comfortable living situations, with lower carbon footprint buildings and with an efficient energy demand for cooling and heating.

Theme 1:
Policies for highly energy-efficient buildings adopting the bioclimatic approach

Theme 2:
Analysis of bioclimatic materials, construction practices & design

Theme 3:
Indicators & weather files, as input for the design of buildings and districts

Theme 4:
Bioclimatic buildings and districts: Case studies

You are invited to submit your abstract until April 1st 2023. The approved Peer-reviewed papers will be. Published in proceedings indexed SCOPUS, DPLP, ISI Proceedings, El-Compedex, Springerlink and WoS with SPRINGER series and materials today proceedings.

Keynote Speakers:

Mattheos
Santamouris

Ranchid
Bennacer

Mohammed
El Ganaoui

Mustapha
El Alami

Mohamed
Essaaidi

Vincent
Kitio

Asmae
Khaldoun

Lorenzo
Pagliano

Francois
Garde

Silvia
Erba

Ernest
Dione
