15th BUILD UP Skills European exchange meeting

SESSION 2A: How to design a robust and market-ready qualification framework (27 October, 10:00-12:00) room Magritte, 2nd floor

Aim of the session:

This session will gather new and ongoing projects to explore the success factors for developing, validating and rolling out a qualification framework, while ensuring adequate recognition of the qualified professionals.

Examples of completed and ongoing Horizon 2020 projects will be presented and discussed.

These presentations, as well as discussion in two subgroups, will allow to touch upon:

- methodologies to **design** a qualification framework that reflects the need of the market and ensures agility in the recording of learning experiences (for example, through micro-credentials based on tasks-based qualifications);

- how to involve stakeholders and trainees in the **validation** process, ensuring adequate feedback loops;

- suitable tools and methodologies to ensure the **recognition** of the acquired competences: for example, skills registries, skills passports, digital open badges etc.

10:00 – 10:05	**Welcome, introduction** Amandine DE COSTER-LACOURT, Project Advisor, CINEA
10:05 – 10:35	**Project highlights:** • *The Train4Sustain Competence Quality Standard* – **Peter GYURIS**, Project Manager, Geonardo Ltd. • *Application of the Train4Sustain Competence Quality Standard to specific sectors and technologies* – **Jan CROMWIJK**, Project Coordinator, ISSO • *SeetheSkills e-tools for recognition of skills* – **Jadranka ARIZANKOVSKA**, Project Manager, Economic Chamber of North Macedonia
10:35 – 11:00	**Discussions in 2 parallel sub-groups, moderated by:** • **Peter GYURIS** • **Jadranka ARIZANKOVSKA** *Question:* 1. *Do the examples presented resonate with the work you are currently doing/planning to do? Do you see potential synergies, e.g. with the Train4Sustain Competence Quality Standard?* 2. *In your experience, what are effective approaches to design a market-ready qualification framework and ensure the validation and recognition of the qualifications obtained?*
11:00 – 11:30	**BREAK**
11:30 – 12:00	**Results from group discussions & wrap-up** Each Rapporteur presents in max 10 minutes the main points discussed in his/her group. Final discussion and perspectives for the future.
